Dear Friends,

It gives us great joy to remember you in all our prayers for you. You not only are encouraging and loyal friends, as generous investors you are making it possible to realize a dream of serving the Kingdom by providing a quality seminary curriculum in Spanish.

As you can see by the report below, God has been very good to us and pleased to test us refining our faith. We continually are reminded that He is faithful and his ways are perfect!

With much love, David & Ann
